

Solving Nevada's Delinquent HOA Dues Problem

In today's market you have to motivate homeowners early in the delinquency cycle if you want to avoid foreclosure. NCS Plus utilizes credit reporting to recover delinquent dues without foreclosure.

When an HOA works with us early in the delinquency cycle we typically recover 40-46% of their accounts prior to foreclosure.

Our system is so effective because we recover delinquent HOA dues early - before they become a real problem. We use **Skip Tracing**, a **Letter and Phone Campaign**, and an **Attorney Written Demand** to communicate to homeowners the need to pay their late dues so they can avoid being Credit Reported to **Experian**, **Equifax**, and **TransUnion**.

Our phone call process is effective without alienating homeowners because we direct them to *get back in touch with you* - the HOA - *and to pay you directly*. We restore the communication between you and your delinquent homeowner, so both of you can arrange a fair and equitable recovery.
